<p>Comments</p> <p>Presentation.</p> <p>It is not clear how this relates to the brief on www.j--s.net. There are two choices there: (1) topic on relationships between customers and service firm(s) (2) the meaning of work.</p> <p>The background may be useful but is taking too long to cover.</p> <p>What is literature relevant to your study? Some research should be included.</p> <p>The research questions need to include something connected to the brief i.e., service relationships.</p> <p>The method – interviews – is relevant</p> <p>There is confusion about questionnaires. The data you collect will be non-numerical. This means statistical analysis is <i>not</i> relevant to this research approach for this class.</p> <p>Schedule, costs etc. do not align with the class e.g., final presentation in November?</p> <p>Report</p> <p>I have not yet received a written proposal.</p>
