Are ideas presented connected with the aim of the project?	Are the ideas presented clearly supported with evidence and logical argument?	Is it easy to follow & to understand? (Are the slides clear and easy to follow e.g. use of new pictures, words, graphs)	Overall impression (is it a group presentation etc.?)

Comments (space will expand as you type) Nice animation. Presentatiopn looks profesion.			
Grade (%) 100%			

Rules and process

Rules.

- The spirit of feedback should be positive and constructive.
- Personal attacks are not acceptable.
- This is not an opportunity to deal with past grievances.
- Avoid personalizing your comments e.g., “Bob comments in section one are rubbish”.
- Keep comments as objective as possible.

Process

The following are some notes to help you with this process.

- Focus on constructive comments that include the positive and negative e.g.:
The section on company background is simple, clear and easy to follow.
The format on p.6 changes. See the font size there as compared to p.5.
- Keep comments as objective as possible by highlighting sections/position
We found your research question 2 (section 3.1.2) hard to understand.
- In terms of the sections above (ABCD):

- A: Does the group cover key aspects of the material? *E.g., if it is a proposal are the nine sections included?*
- B: Is relevant detail included in each of the sections? *E.g., Is the part of the proposal on time frames cover the period of the course? Are the questions/objectives clear, precise?*
- C: Is the layout easy to follow and attractive? *E.g., are sections numbered? Page numbers? Bullets used?*
- D: Is this a group effort? *E.g., Does the report flow as a 'whole' or does it look like several parts with little connection? Do the ideas compliment each other all the way through?*
