We found your research question 2 (section 3.1.2) hard to understand.
- In terms of the sections above (ABCD):
 - A: Does the group cover key aspects of the material? *E.g., if it is a proposal are the nine sections included?*
 - B: Is relevant detail included in each of the sections? *E.g., Is the part of the proposal on time frames cover the period of the course? Are the questions/objectives clear, precise?*
 - C: Is the layout easy to follow and attractive? *E.g., are sections numbered? Page numbers? Bullets used?*
 - D: Is this a group effort? *E.g., Does the report flow as a 'whole' or does it look like several parts with little connection? Do the ideas compliment each other all the way through?*

Good start -

Contents slide is hard to read since - background is so 'busy'

thanks for Kino = thank you Kino...

Chart helpful - add axis (on the board) for clarity

Still hiring - interesting point since in tight times this is often what is stopped first.

Insurance gives you hope - but why?

Financial Performance - Tiger Hoods - who are you?

Outline, helpful. What about your slide numbers?

Good graphs, but don't need ALL of the companies insurance information. Just the major players, and an "other" otherwise it's too hard to read

Divisions of Industry

Pretty self explanatory, clear

Question - 1996? that's not when they were established. They're an old company!

2002 - Hurricane Lily - still, had a high revenue. I don't understand your numbers.

\$200? \$667.3 what? Million? Billion?

Summary - Talking about financials, there should be some financial conclusions.

The summary should be at the end of the presentation

Interesting graph about the sales channels - agency vs direct

Good template
